Update for Weeks 2 and 3

Dear parents and caregivers,

Once again, I would like to thank you for your continued support of the stay at home orders. As you would be aware, a further tightening of restrictions was announced by the Premier on Saturday. This has resulted in yet another reduction of the number of staff permitted on school grounds thereby minimising movement across the Central Coast region.

Please be advised that all access in or out of the school must now occur through the Maidens Brush Road main pedestrian gate. For security purposes, all other entry points to the school will be closed and locked.

Class teachers of Early Stage 1, Stage 1 and Stage 2 will continue to work remotely phoning parents and offering support. Unfortunately, our plan to have stage teachers available at school for "on call" phone support has been cancelled. If you would like to contact your child's class teacher, please leave a phone message ph. 4325 2181 or email wyoming-p.school@det.nsw.edu.au. The teacher will phone you as soon as practical. Please be patient with this process as there will be some time delay with having messages delivered to the appropriate staff.

Stage 3 students and parents will be able to access the support of their teachers through Google Classrooms.

Continue to take care of yourselves and your families.

R. Wild.
