Stage 3 Camp Reminders

Prior to leaving:

- All attending students are to conduct a RAT on Tuesday afternoon and receive a negative result. These will be supplied to students on Monday afternoon.
- Students who are considered close contacts on the morning of Wednesday 25 May are not permitted to attend.
- Should your child test positive on Tuesday afternoon or is ill on Wednesday morning please call or text mob: 0487 629 445 to inform staff. If unanswered, please leave a message.

While away:

- Any student who develops symptoms while attending camp will be required to complete a daily RAT and return a negative result. Students will administer their own test (supplied by school) with the guidance of teachers.
- Should a student test positive while away or become ill and unable to continue attending it is the responsibility of their family to arrange immediate transport home. Advice will be sought from NSW Health regarding the impact of other students on the camp.
- Should a member of your household test positive for COVID during Wednesday, Thursday or Friday please call the school (8.30am-3.30pm) or, if out of hours, mob 0487 629 445 to inform staff. If unanswered, please leave a message so that advice can be sought from NSW Health regarding any impact on camp.

Don't forget that camp departs at 6.30am SHARP on Wednesday morning. Please arrive at 6.00am to allow time to pack the buses.

Your children will have a fantastic time and will return with plenty of stories to share!

Kind Regards

Rebecca Wild
