Introducing our new electronic gate

Dear parents and caregivers,

You may have noticed the installation of our new electronic pedestrian gate last week. The following information should help everyone in its use.

- ✓ During the hours of 8.30am-9.00am all gates to the school will be open and accessible.
- ✓ From 9.00-9.15am the electronic administration pedestrian gate (next to the driveway) will be closed but unlocked. Please push it open and closed to access the school.
- ✓ Between the hours of 9.15am-2.30pm the only access to the school is through the electronic administration pedestrian gate. Please press the buzzer and one of our administration staff will instruct you to push the gate open and make sure it closes behind you. The buzzer will also need to be pressed on your exit. Please note that the gate will feel quite heavy to push and pull.
- ✓ From 2.30pm the electronic administration pedestrian gate and the Veronica Crescent pedestrian gate will be unlocked and open.

We appreciate your patience while we transition to our new system.

Kind Regards

Rebecca Wild
