Incursion Consent Form – Water Play

Please return to Mr Walter as soon as possible before Friday 31 March 2023.

I give my consent for _____ of class ____ to participate in the water play Incursion on Wednesday 5 April 2023.

My child has the following special or medical needs (please provide full details)

I understand that my child will receive medical treatment in the case of an emergency. I understand that when a medical practitioner has prescribed medication (including emergency medication) that will need to be administered during the excursion, parents are responsible for:

- bringing this need to the attention of the school
- ensuring that the information is updated if it changes
- supplying the medication and any 'consumables' necessary for its administration in a timely way
- any medication should be well within its expiry date and correctly labelled
- collaborating with the school in working out arrangements for the supply and administration of the prescribed medication for the duration of the excursion
- for some excursions, the school will ask parents to supply the medication in a unique way to what has already been agreed to by school. For example, parents may be asked to supply an additional adrenaline injector.

Important information

In the event of injury, no personal injury insurance cover is provided by the NSW Department of Education for students in relation to school sporting activities, physical education lessons or any other school activity. The Department's public liability cover is fault-based and limited to breaches by the Department of its duty of care to students that may result in claims for compensation.

Parents/Carers are advised to assess the level and extent of their child/ward's involvement in the sport program offered by the school, school sport zone, region and state school sport associations when deciding whether additional insurance cover is required prior to their child's involvement in the program. Personal accident insurance cover is available through normal retail outlets.

Parents/Carers who have private ambulance cover need to check whether that cover extends to interstate travel and make additional arrangements as considered appropriate.

The NSW Supplementary Sporting Injury Benefits Scheme, funded by the NSW Government, provides limited cover for serious injury resulting in the permanent loss of a prescribed faculty or the loss of use of certain prescribed parts of the body. The Supplementary Scheme does not cover medical costs or dental costs. Further information can be obtained from <https://www.icare.nsw.gov.au/injured-or-ill-people/sporting-injuries/payments/#gref>. Further information regarding student accident insurance and private health cover is provided at: <https://app.education.nsw.gov.au/sport/file/1449>.
