MATHS DAY

Dear parent or caregiver

On Thursday 3 August students are invited to participate in a special educational experience involving maths. This will be part of Education Week celebrations.

One session will be classes participating in interesting maths activities with their teacher.

Another session is being run by a company "World of Maths". They provide excellent opportunities for all students to participate in solving a variety of problems including large hands-on displays and puzzles. The displays show applications of mathematics to real-life situations and aim to show how maths can be a lot of fun. **There is a cost of \$9 for this session.**

Parents are welcome to attend either session.
